

Mika mobility base

HMV-Nr. (Push-rim drive) 26.99.01.1064

HMV-Nr. (12" drive wheels) 26.99.01.1019

The robust Mika mobility base can be combined with all common seat shells. The wheelbase is adjustable in six positions to ensure different driving characteristics – from sporty to extremely tilt-stable. The back can be adjusted in angle and folded down.
