Intended use

The products Nick, Noah, Galileo, Sunny/-swing and Mika (see Table 1 on page 2 for product names) are adjustable seat bases and are used in general living areas, in the care sector and in the home.

They are designed to accommodate seat shells or seating systems in order to support therapeutic applications for people with moderate to severe postural problems and/or postural instability, thereby enabling comfortable sitting in a physiologically correct posture.

We declare under our sole responsibility that the medical devices in Table 1 (risk class I according to Annex VIII, Rules 1 and 13) comply with the requirements of Regulation (EU) 2017/745 and EU Directive 2006/42/EC.

The conformity procedure applied in accordance with Regulation (EU) 2017/745 is Annex IX.

This declaration of conformity is valid until 31.12.2025

Schönau, 02.01.2025

A handwritten signature in blue ink, appearing to read "Dieter Frank".

(Dieter Frank, CEO)
