Additional colours are available on request; however, cushions in different colours are not returnable.

Supine/Upright Stander Lasse 2020

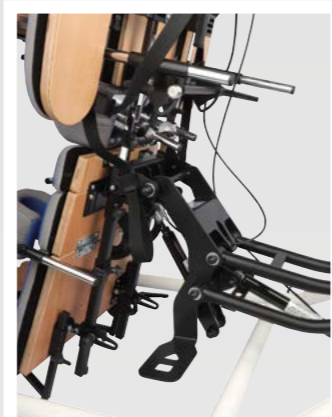

Supine/Upright Stander Lasse 2020

Horizontal & vertical height adjustment

Lasse 2020 lowers almost to the bottom and enables patients to stand at eye level. An adjustable transfer height from 62 to 82 cm makes positioning easy for caregivers while offering a feeling of safety to patients. Lasse 2020 is adjustable for height using a gas spring or electric motor.

Recline adjustment

The supine/upright stander achieves a horizontal and vertical position with an angle range from 0° to 90°.

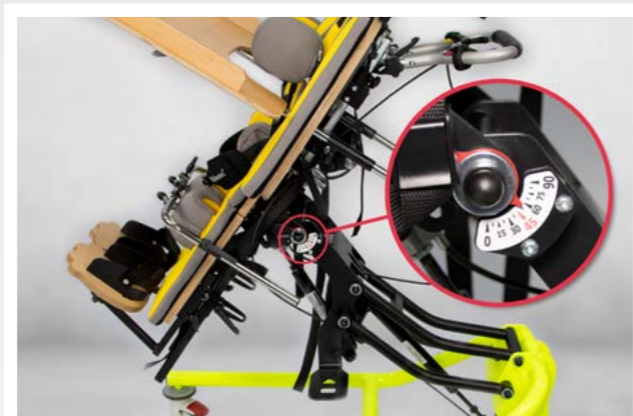

Abduction adjustment

Lasse 2020 provides up to 25° of abduction in each leg.

Angle-adjustable leg rest

The supine/upright stander provides the opportunity to adapt the leg rests to contractures.

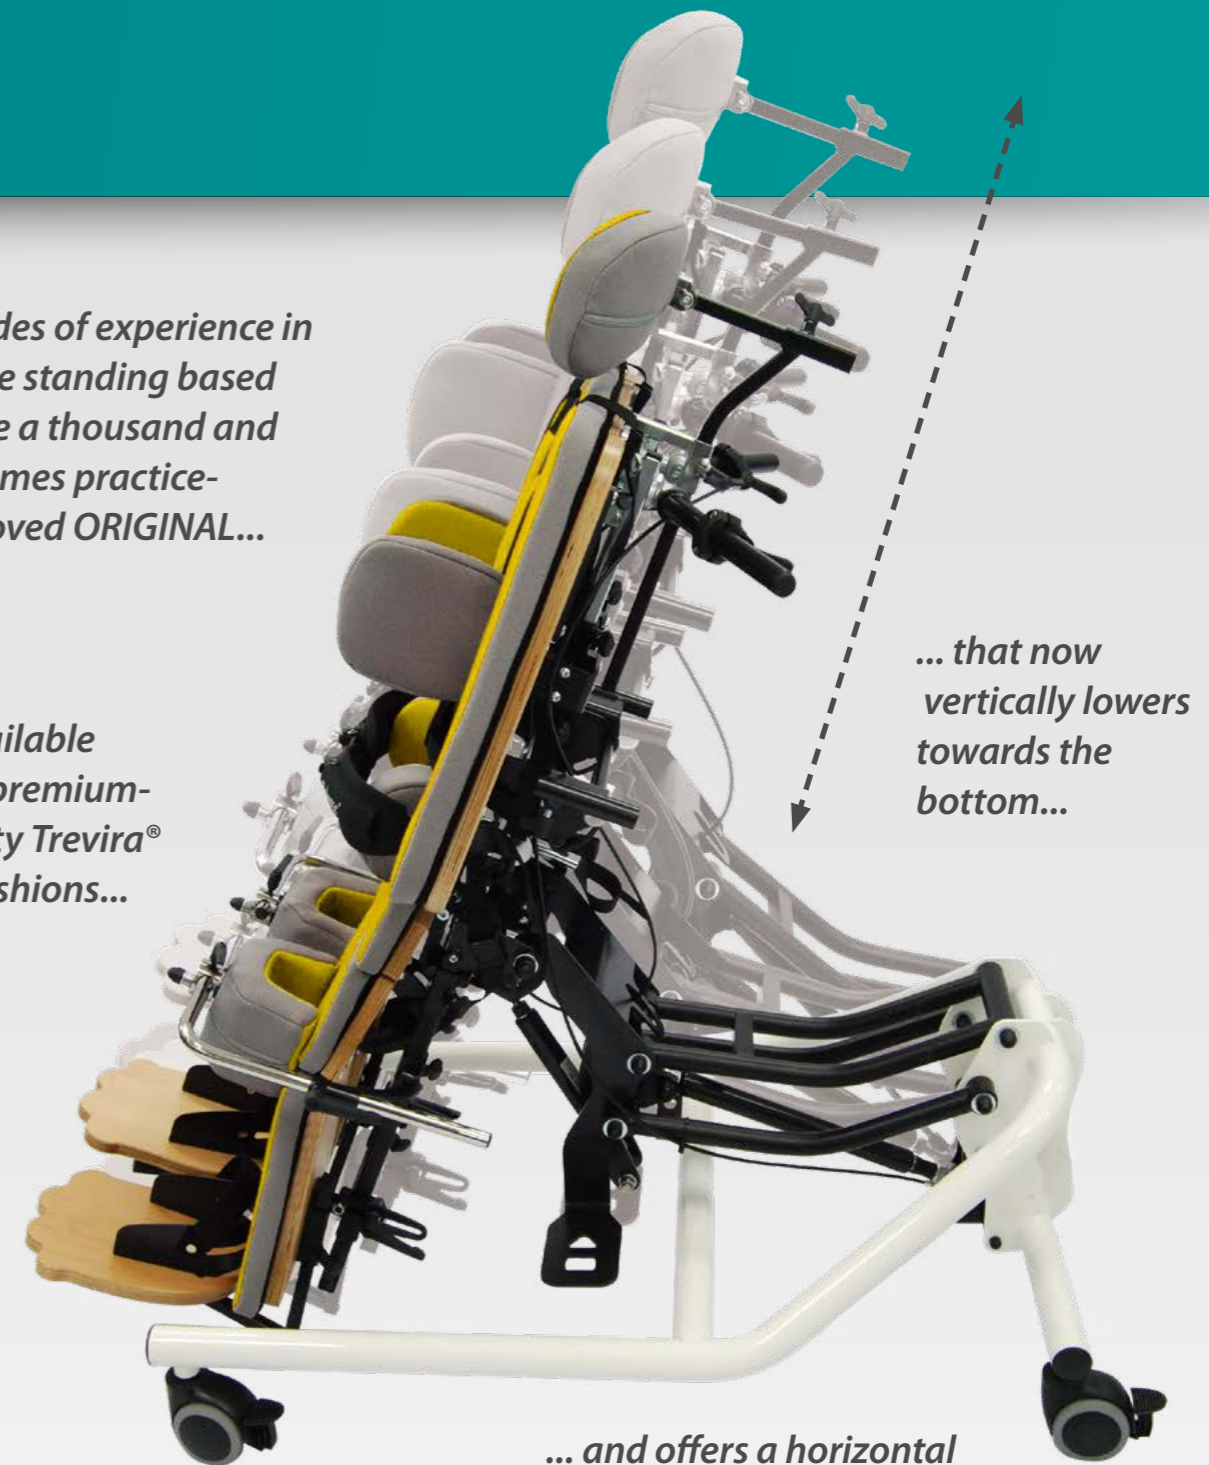

Angle scale

It is very easy to read the degree value from the angle scale to see the exact upright standing position in which you placed your patient. And you will never run the risk of exceeding limits defined for medical oder therapeutic reasons.

Measures									
Type	Table height	Knee height	Pelvic middle	Shoulder height	Knee width	Pelvic width	Chest width	Body height	Max. weight
Mini	35 - 60 cm	15 - 30 cm	ca. 30 - 50 cm	ca. 60 - 80 cm	5 - 6 cm	12 - 20 cm	12 - 20 cm	ca. 65 - 95 cm	30 kg
1	45 - 70 cm	20 - 40 cm	ca. 30 - 59 cm	ca. 64 - 101 cm	5 - 8 cm	14 - 23 cm	14 - 24 cm	ca. 75 - 115 cm	45 kg
2	55 - 85 cm	20 - 45 cm	ca. 42 - 69 cm	ca. 86 - 120 cm	7 - 9 cm	20 - 26 cm	20 - 28 cm	ca. 100 - 135 cm	45 kg
